The Florists and Seedsmen

Denver, Colo., January 1, 1901.

In presenting this price list to my old friends and customers, I wish also to express my appreciation of your past favors. So far as I am informed, no one has any complaint, and I hope and expect by conscientious and liberal dealing to always retain the good will of my customers. To those who have not yet favored me with an order I wish to state that all the stock offered in this list is grown under my personal direction, and as far as possible all orders receive my personal attention. Descriptions are accurate and not overdrawn.

PRICES

I do not claim that my prices are the lowest ; nor have I ever coveted the reputation of running a " cheap place." I aim to do an honest business and at the same time retain a profit on my investments. The present evolutionary period of the Dahlia requires the purchasing of new and costly varieties and the discarding of many hitherto good varieties; and consequent loss and waste of stock. Many of the best varieties are shy producers of tubers. Nevertheless my prices will be found quite reasonable and even lower than others. The past season in this locality was one especially favorable, and my stock is finer than ever before. Any orders intrusted to me will receive my careful and liberal attention.

Respectfully,

W. W. WILMORE.

NOVELTIES AND NEWER DAHLIAS

Special attention is called to this list, as it contains the cream of the Dahlia family.

They cannot fail to please, both in points of beauty and usefulness as a cut flower, and the prices will be found quite reasonable. The following is only a partial list. See Retail Catalogue.

IF WANTED BY MAIL, ADD 20 CENTS PER DOZEN EXTRA.

BON TON. A fine ball shaped flower. Color, deepest garnet, red tipped; streaked and marbled with pure white; sometimes solid red. A very fancy variety. 15c each; \$1.50 per doz.; \$10 per 100. 4 ft.

CINDERELLA. (See illustration, retail catalogue.) This new cactus dahlia is undoubtedly the best of its type yet introduced. Its form is a model of perfection. An early bloomer and produces a profusion of flowers. Color, dark purple maroon. 15c each; \$1.50 per doz. 3 ft.

CURIO. (See illustration, retail catalogue.) A Grand New; in formation similar to Grand Duke Alexis. Blooms in clusters of three, very regular in outline, combining all the qualities of a first-class show variety. Color, bright orange bronze. 15c each; \$1.50 doz. 4 ft.

DENVER. (See illustration, retail catalogue.) A lovely pure yellow cactus. Blooms freely on long stems. 15c each; \$1.50 per doz.; \$10 per 100. 3 ft.

EARL OF PEMBROKE. (Cactus.) A grand dahlia looking more like a chrysanthemum than a dahlia. Its petals are very long and narrow. Every flower is perfectly formed and quite full to the center. Color, rich dark purple lake. 10c each; \$1 per doz.; \$8 per 100. 3 ft.

FLORENCE WOOD. (Show.) A novelty now introduced for the first time. It is a sturdy, erect grower. The flower is about average in size and is borne on good stems. Color, clear violet purple. Flowers are well formed and produced freely. 10c each; \$1 per doz.; \$8 per 100. 4 ft.

GLORIOSA. A pure cactus type, with long, narrow petals like a chrysanthemum. Color, rich scarlet. One of the best cactus types yet introduced. 10c each; \$1 per doz.; \$8 per 100. 4 ft.

GRAND DUKE ALEXIS. A magnificent dahlia of the largest size. Its petals are beautifully quilled, giving it a very unique appearance. Its color is pure white if slightly shaded, but overspread with delicate lavender when grown in bright sunlight. 15c each; \$1.50 per doz. 5 ft.

GOLDEN TREASURE. A beautiful burnt orange color. Flower large, well formed and full to the center. It belongs in the decorative class and is a valuable acquisition, as it is different in color from any yet introduced. Stems long and stiff. 10c each; \$1 per doz.; \$8 per 100. 4 ft.

IGNACIO. A show variety of great value. A remarkably healthy, strong-growing plant, with long stems and large, full flowers. A deep clear red. 10c each; \$1 per doz.; \$8 per 100. 4 ft.

JOHN ELITCH. Too much could scarcely be said in praise of this noble flower. By good judges it is pronounced the best red dahlia to date, whilst its habits are all that could be asked. It is a broad-leaved, decorative type, with very long stems. Color, a dazzling red, with no shade or variation; very large and double to the very center. 10c each; \$1 per doz.; \$8 per 100. 6 ft.

MAYOR HASKINS. (Cactus.) A very large bold flower of the brightest, deepest red. Petals long and somewhat irregularly arranged, giving it an appearance of gracefulness; a noble flower. 10c each; \$1 per doz.; \$8 per 100. 4 ft.

LADY PENZANCE. A beautiful rich yellow cactus type with long pointed petals. Its form is perfect although the stem is rather short. Well worthy of a place in any garden or collection. 10c each; \$1 per doz.

MRS. BRYAN. This is a new seedling and was introduced two years ago. Its color is a beautiful light lavender, shading to a rosy pink. 10c each; \$1 per doz.; \$8 per 100. 5 ft.

MATCHLESS. A beautiful dark maroon cactus. Petals long and very pointed. Stems long and wiry; one of the best of its type. 10c each; \$1 per doz.; \$8 per 100. 3 ft.

MRS. PEART. (Cactus.) This one is a queen among dahlias and the best of its type ever introduced. It has the appearance of a white chrysanthemum, with its long pointed petals. Its color is a delicate creamy white. A companion for Gloriosa. 10c each; \$1 per doz. 3 ft.

PURPLE GEM. Rich royal purple, clear and constant. This is a show variety and a decided improvement over the older varieties. A first-class flower. 15c each; \$1.50 per doz.; \$10 per 100. 4 ft.

PRINCE OF ORANGE. (Cactus.) This dahlia is a marvel of productiveness, the whole plant being nearly hidden with the large, well-formed flowers; rarely, if ever, is a deformed flower seen. Color, a blending of apricot, orange and bronze. 10c each; \$1 per doz.; \$8 per 100. 3 ft.

PRINCE OF INDIA. (Decorative.) Very large, often six inches in diameter, and are produced in abundance. The flowers are of perfect form, and remain full in the center for several days after the outer petals fade. Its color is a beautiful, rich, rosy crimson, almost identical in color with the American Beauty rose; a general favorite. 10c each; \$1 per doz. 4 ft.

TRANSCENDENT. An exceptionally fine decorative variety, very large and full to the center. Stems long and wiry. Color, violet purple. Very attractive. 10c each; \$1 per doz.; \$8 per 100. 5 ft.

YELLOW QUEEN. A fine new decorative dahlia; soft pale yellow, sometimes marked with white; plant of a dwarf, spreading habit; quite free. 10c each; \$1 per doz.; \$8 per 100. 3 ft.
